The reply filed on 13 March 2008 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): the applicant must show that the Operator's Manual for the International 800 and 1000 series corn heads, from which a page was submitted by the applicant as Exhibit A-1, was published prior to the filing date of the application. Additionally, the applicant has amended claims 62 and 83 to require that the stalk rolls pull and consume at least 60 inches of a stalk, however, the applicant has not shown that 60 inches was disclosed in the original disclosure and is therefore not New Matter. See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
